Notes about other income tax credits

Each line has requirements necessary to obtain the credit along with FYI publication references.

Dollar amounts listed on each applicable line must be filled out. If they are not completed, the assumption will be the expenditures are zero -- causing processing delays and possible denial of credits.

- Historic Property Preservation Credit – Credit not available in 2011. Credit reported in column (a) must be carried forward to 2012.
- Child Care Contribution Credit – Credit not available in 2011. Credit reported in column (a) must be carried forward to 2013.

Any line that doesn't require documentation generally means the department will obtain that information from another agency.
